Supt Phila Mint

I expect to ^{come} up
after those ashes on Friday
morning if nothing prevents.
Could I get to loading by 6 a.m.
I bring produce to the city
getting there about 2.30 a.m. &
besides having to wait, I would
like to load the ashes in the
cool part of the day as it is
a very hot place to load them.
If you can make arrange-
ments so that I can get to load-
ing early you will greatly oblige
